Requests sanction to the acquisition of S No 55 of Bilichatta Village, Shimoga Taluk required for the improvement of Shimoga Town and to waive the recovery of the commuted assessment amounting to Rs 142-9-3 in this respect

1) The land proposed to be acquired belongs to Sri Fatake Mutt at the place as seen from the report, an objection petition has been filed on behalf of the management of this mutt protesting against the acquisition but the mutt is said to have not been functioning for the last 30 years and it is said that there is a move to revive the

Matt The D C says that pending the disposal of the question of its removal, the amount of compensation will have to be credited to the General Mugram funds

2) The second point for consideration is whether the recommendation of the D C to waive the recovery of the commuted assessment may be approved

3) In the circumstances reported, the Mugram section may perhaps be consulted in the first instance whether there is any objection to proceed with the acquisition of properties belonging to the above Matt, pending its removal

3) As regards the proposal to waive the recovery of the commuted assessment, the Rev branch may be consulted The Land is

9) From the report of the D.C Shimoga, it is seen that the Mutt had not been functioning for the past 30 years and it is nearly 12 years since the Mutt had been declared defunct. The Mutt had not been revived since then and the land is reported to have been lying fallow from a long time. The objections from the devotees appear to be an after thought and the D.C has expressed the opinion that the objections are untenable. Since the institution had been declared defunct during 1934-35, there can be no committee for the management of the above defunct institution and therefore, as opined by the D.C, neither the Committee nor the Chairman of that Committee can be recognised. In the above circumstances, there appears to be no objection for the acquisition of the land,

As regards the Compensation amount (Rs 981-15-0) that may be payable by the Municipality for the land acquired for the improvement of the Shimoga Town, the amount will have to be properly credited to the General Muzrai Funds, as it may be irregular to keep it in the name of the institution which had been declared defunct so long back as 1934-35 and had not been revived Submitted for orders

of the municipal council are not
clear on the subject may have
rejected the waiving of the

ground that it would lead the

As it is said that the Shimoga Town Municipality has to spend a large sum for adopting anti-malarial - measures and the land is not fit for any other purpose on account of its present marshy nature and as there - is no immediate prospect of the disposal of the sites for building purposes, the waiving of the conversion fine due to Government on Survey No 55 of Millagatta village, Shimoga Taluk, proposed for acquisition by the Shimoga Municipality may be sanctioned, subject - to the condition that if the sites are sold in public auction, the conversion fine will have to be paid - According to Government Order of December 1940, the levy of commuted assessment does not arise

Sir,

Subject - Acquisition of S No 55 of Milighatta Village, Shimoga Taluk for the improvement of Shimoga Town

Adverting to our Memo No L 810 dated 4-8-46, forwarding copy of our letter No I 808/Ml 17-45-8 dated 4-8-45, on the above subject addressed to the Compiler Mysore Gazette I have the honour to forward herewith the connected records received with Shimoga Sub Division Officer's Memo No F3 Acqn 14-44 dated 24-9-45 and to state as follows -

2. The preliminary Notification having been duly published one Chennaveerappa Secretary of the Committee of Management of the Jataki Mutt Shimoga, filed an objection petition through his Counsel stating that the Mutt which had become defunct has been revived that the contents of the gaadige had been installed in the Basavanna Devaru Temple that arrangements has been made for carrying out the original objects of the Institution that the land proposed to be acquired belongs to the Mutt that the land was in the possession of the devotees that the disciples intend putting up a building on the land and prayed - therefore that the land might not be acquired

The petition having been sent to the Sub Division Officer, for enquiry, he reported stating that the records showed that the Mutt had not been functioning from the last 30 years that it had been declared as defunct during 34-35 that the institution had not been revived, that the land had been lying fallow from a long time that certain blacksmiths had unauthorisedly occupied the land for purposes of their trade that if

that if the Managing Committee were so earnest the would not have allowed this and that the institution having been declared defunct it was not correct to so that the land is in the possession of the devotees

It is seen from the enclosed records that after the Institution was declared ~~defunct~~ defunct attempts were made to lease out the land But this was not successful Thereafter correspondence re the acquisition of the land started The devotees have not made any attempt to get the institution revived As such the objections are untenable Further the land is reported to be situated in a low level and also marshy It is not suited for building purposes unless it is rendered fit at great cost

Mr H Lingappa Advocate having requested that he might be heard an opportunity was given to him He stated on 2-9-46 that he had no objection ~~further~~ for the acquisition that he would move separately for the revival of the institution and requested that the name of the party in the Notification might be changed to "The President of the Managing Committee of the Institution

It may be stated in this connection that there can be no committee for the management of a defunct Muzrai Institution As such the Committee or its Chairman cannot be recognised However as the devotees have expressed a desire to move for the revival of the Institution, the President of the Managing Committee referred to above, may be allowed to be heard by the Land Acquisition Officer at the time of passing the award The declaration statements sent herewith have been suitably amended

I request that the Declaration statements may kindly be arranged to be published in the Gazette and the Assistant Commissioner Shimoga Sub Division authorized to take orders for the acquisition and to perform the functions of a Deputy

Deputy Commissioner under the Land Acquisition Act
30 spare copies of the Notification may kindly be caused
to be sent to the Sub Division Officer Shimoga for local
publication

I may add that a sum of Rs 921-15-0 being the compensation
payable for the land has been recovered from the Municipality
As the acquisition is for town improvement and not for
building purposes the Municipal Council have requested that
the recovery of the Commuted assessment amounting to Rs142-9-3
might be waived I request that his prayer may kindly be
considered favourably

Lastly, I request you kindly to obtain the orders of
Government in the matter of crediting the compensation
amount to a Savings Bank Account in the name of the Amildar
Shimoga Taluk on behalf of the Institution pending disposal
of the question of its revival as otherwise the amount will
have to be credited to General Muzrai Funds

Sir,

With reference to our No L 15330/1 R dated 2-5-47 calling for definite resolution of the Municipal Council Shimoga regarding the purpose for which Survey No 55 of Mallikatte has to be acquired I have the honour to state that the Municipal Council have resolved at their meeting held on 31-3-47 for acquisition of the area for 'Anti Malarial Measures' and not for disposal as 'Building Sites'

Upon this I inspected the spot and instructed the Municipal Council to reconsider its resolution as the area as lying in the middle of the Town and quite suitable for 'Building Sites' after some improvement (i e after draining the water logged portion) which would relieve congestion and provide houses for several applicants The Council resolved on 31-3-48 that the acquisition may be sanctioned for Building purposes but request for waiving conversion fine as heavy expenditure has to be incurred before the area is to be xxxx xxx xxxxx converted as Building Sites for disposal

Under the above circumstances I recommend that conversion fine be waived as a special case and acquisition sanctioned in view of the t involved in draining the area
